Mr. Sydney P. Noe, Secretary
American Numismatic Assn.
New York, New York

Dear Mr. Noe:

We have just recently published a volume in our "Studies in Archaeology" on the coins found in Dr. Robinson's excavations at Olynthus. The enclosed circular gives a description of this book.

If you will be good enough to send us the names and addresses of the members of the American Numismatic Association we shall be glad to call this volume to their attention.

Your courtesy in this will be very much appreciated.

Faithfully yours,

P. W. Dittus
Manager
